Have you ever wished you had the versatility of a flatbed with the protection of a dry van? With the Conestoga from Aero Industries you can **have both with the same trailer!**

The Conestoga creates the perfect weatherproof environment for any load including steel, aluminum, lumber, or machinery.

Designed with operator safety in mind, the unique locking mechanism is entirely ground operated. A single turn of a handle locks and unlocks the system. No cumbersome ratchets or additional hardware is necessary.

The Conestoga can be custom designed to fit any flatbed, drop deck, or straight truck.

Call Aero and we'll show you how the Conestoga can add speed, safety, and productivity to your operation.

The Conestoga system moves easily from back...

to middle...

to front, and back again!
