Dump Liner Technology*

RE-PRO BLACK FIRE HIGH-TEMP HOT ASPHALT/ROCK LINER

(Exclusively available from American Made, LLC)

HOW DID RE-PRO BLACK FIRE HT ORIGINATE?

As the world leader in dump body liner technology, and the first to introduce bedliners almost 20 years ago, American Made, LLC (AML) continues to develop and manufacture innovative, cost-effective products for the trucking industry.

Since 1990, we've been analyzing and developing exotic fillers and additives to maximize the versatility of our RE-PRO Heavy-Duty Rock Liner... resulting in the ability to handle hot mixes, particularly hot asphalt.

Due to strong demands for alternatives in releasing sticky asphalt, AML introduces

RE-PRO BLACK FIRE HT... a lightweight, rigid, permanent hot mix liner. This Liner combines the strength and slickness of our RE-PRO Rock Liner with special heat stabilizers to allow hauling of all types of hot mixes.

TESTED AND PROVEN

After several years of rigorous tests, comparing our new BLACK FIRE HT to the competition, it has proven to be superior. This durable Liner, which can handle asphalt and rock, has outperformed even *our* tough standards.

**THE RE-PRO BLACK FIRE
HI-TEMP BEDLINER IS NOW
COMMERCIALY AVAILABLE
TO YOU.**

FEATURES

- ▶ Handles hot asphalt and rock
- ▶ Helps release hot asphalt
- ▶ Reduces carryback
- ▶ Insulates loads better than plywood
- ▶ Reduces expensive downtime
- ▶ Complete custom-made Kit

BENEFITS

- ▶ Reduces wear
- ▶ Dumps with little or no EPA release agents
- ▶ Less shoveling
- ▶ Loads stay warmer
- ▶ Keeps you more profitable
- ▶ Quick and easy installation

CUSTOM-MADE LINER KITS

BLACK FIRE Liners are made of 1/2"-thick material. Liners are available in widths up to 10 ft. by any length and can be custom-made in kit form to fit most types of dump trucks and trailers. Individual sheets are also available for lining bins and hoppers, asphalt paving equipment as well as areas of asphalt producing facilities.

SEE REVERSE SIDE OF THIS BROCHURE FOR SPECIFICATIONS AND OPTIONS.

BUY NOW!

RE-PRO BLACK FIRE HT will reduce your operating costs for hauling hot asphalt.

And remember...

BLACK FIRE HT can also be used for rock, sand, gravel, and more... proving to be the most versatile Liner on the market today.
